# Hamid Kamali

Chemical Engineering  
Graphic Designer & Programmer

## About Me

I am a chemical engineer specializing in refineries and petrochemicals with nine years of experience developing graphic design, programming and process simulation in the medical and industrial fields

## Languages

- English
- Germany
- Persian

## Skills

 Hsys	 PDMS	 Aspen
 Artificial Intelligence	 Information Technology	 International IC DL
 Unity	 Unreal Engine	 3ds Max
 After Effects	 User Interface / User Experience	 HSE-MS

## Education

- **Chemical engineering (refinery, petrochemical & Gas process)**

*Shiraz-IRAN Azad University / September 23, 2011 - September 5, 2016*  
*Internship in Shiraz Petrochemical for three months - Ammonia Unit, Region 2*

## Documents

- **English Advance Course**  
*Since Summer 2005*
- **HSE-MS.OHSAS.ISO 18001 & 14001 5S.**  
**Security standard certificate under license from DAKKS Germany**  
*Fall 2016*
- **HYSYS Chemical Engineering Software Certificate (Calculation and simulation of refinery and petrochemical devices)**  
*Summer 2016*
- **International IC DL certification**  
*Summer 2016*
- **International pipeline layout certificate as well as reading refinery and petrochemicals plant**  
*Fall 2016*
- **International technology certificate**  
*Summer 2016*
- **International Microsoft Office and Windows Certification**  
*Summer 2016*
- **Full mastery of PDMS version 12, Aspen Unity, Unreal Engine, 3ds Max, After Effects Edius 8, UI and UX, Lumion 10, Twinmotion 2020 CSS, PHP and C ++**  
*Since Spring 2011*

## Expertise

- Project Management
- Graphic Design
- Computer Languages
- Mobile and Cloud Solutions
- Event Planning
- Event Management
